

EPA's 2008 Lead-Based Paint Renovation, Repair and Painting (RRP) Rule (as amended in 2010 and 2011), aims to protect the public from lead-based paint hazards associated with renovation, repair and painting activities. These activities can create hazardous lead dust when surfaces with lead paint, even from many decades ago, are disturbed. The rule requires workers to be certified and trained in the use of lead-safe work practices, and requires renovation, repair, and painting firms to be EPA-certified. These requirements became fully effective April 22, 2010.

Registration Information **Course Details:**

- Class size is limited to 15 participants. • Pre-registration is required .

To Register

- Register by Phone 918-249-0515
- Register by Fax 918-249-0527 Attn: Dana McBride
- Register by email: dmcbride@aabpinc.com

- Register by Mail return form to:
All American Building Products Inc.
Attention: Dana McBride
11915 E. 51st Street, Unit 25 Tulsa OK 74146

EPA Certified Training Provided by: AABP Training Services

Course Fees: \$175.00 per participant for Initial course
\$85.00 for refresher course

(initial certificate/copy must be brought to class, initial cannot be expired to receive refresher rate)
