

Stone Collection

Foundry Stone Collection

Created with molds cast from real masonry, The Foundry Stone Collection provides uncompromising detail and warm colors to reflect the authentic, rugged qualities of hand-cut stone and hand-laid brick.

Foundry Stacked Stone

Available in a 10" reveal, our Stacked Stone profile highlights The Foundry's commitment to innovation. Our realism comes from casting hand-selected North Carolina quarried stone, which results in a unique, vibrant look. The textured grout line adds authenticity and the enhanced coloring process developed for Stacked Stone delivers a complete symphony of tonal differences.

Durham County (885)

Dover Crest (886)

Cheyenne (882)

Foundry Limestone

Available in a 10" reveal, this popular and versatile limestone profile is offered in four colors with eye-catching aesthetics. From full walls to building skirts and other applications, our Limestone panels deliver a strong hand-cut, hand-laid masonry appearance. The stones' subtle surface character and striking dimension complement a wide variety of siding choices.

Cottonwood (850)

CERTIFICATE OF CONFORMANCE FOR THE FOUNDRY SIDING

PHYSICAL DATA

Length: -1/4" total length tolerance

Width: -1/16" total width tolerance

Thickness (nominal): All panels exceed requirements per ASTM D3679

Camber Tolerance: <1/8

Heat Shrinkage Tolerance: <3.0%

Impact Resistance: 60 in lb +

Surface Distortion: None at 120° F

Windload ASTM D5206: Foundry Shake, Shingle, Perfection Shingle, Staggered Shakes and Foundry Stone exceed 170 mph.

Transitional, Half Coves, Rounds, Octagon, Mitered Corners, Hexagon and Fish Scale panels exceed 150 mph.

FIRE RESISTANCE RATING

ASTM E84: Class 1(A)

Flame Spread Index: <25. Smoke Developed Index: <450

Fuel Contribution: 0

ASTM D 1929: Self Ignition 878° F

ASTM D 635: Material is self-extinguishing with no measurable extent of burn when tested in accordance with this specification.

NFPA 268 Radiant Heat Test/Ignition Resistance of Exterior Walls: Conclusion that The Foundry vinyl sidings were tested and met the conditions for allowable use as specified in Section 1406 of the International Standard Building Code.

Weathering: Meets the weathering standard in ASTM D3679 using ASTM D 1435 procedure.

All products from The Foundry (excluding accessories) have the following certifications and code compliances:

Vinyl Siding Institute Certification (compliant to ASTM D3679)

ICC-ES evaluation report number ESR-1728

Florida Building Code 2007 (Report #FL-6356)

Florida Building Code 2007 (Report #FL-14766)

Notes: Foundry Stone Collection pending certifications and code compliances: Texas Department of Insurance EC-51.

Limited Lifetime Warranty: Residential.

50 Year Warranty: Commercial/Institutional. Please see The Foundry Warranty for additional details.
