Spring tension design holds this gutter screen in place. Snaps in and out of half round gutters for easy cleaning. 0.28 gauge steel stands tough under a full load of wet leaves without collapsing. Installs with a slope toward the front to help debris slide off.

**E-Z to Install:** Locks into the gutter—snaps in and out for easy cleaning.

Like all gutter protection products, depending on your debris type and load, E-Z-H/R Deluxe® will require maintenance from time to time, like brushing off the top of the panels.

**Size:** E-Z-H/R Deluxe® comes in in 4 foot lengths and 6.5" widths.
